Local Green Space

The areas of Local Green Space as identified on the Proposals Map (see areas marked green in the map below) will be protected from inappropriate development. Redevelopment or partial redevelopment of the Local Green Space will not be supported unless it can be demonstrated;

- the proposals would result in enhancement of the existing Local Green Space;
- development of the Local Green Space would result in significant benefits for the community as a whole; and/or
- there would be no significant adverse impact on the visual quality of the surrounding area and overall character of the village.
