

Secretary Report 2020

2020 will go down in the history books and memories as being a very different year. Challenges are many for individuals and St Marys. Closing the church building has been difficult meaning we have been unable to worship together. With the amazing help of technology, however, we have managed to continue with Sunday services, and I think we have also gathered in numbers. Hopefully these numbers will continue when we are able to get back together.

Andrew has reported on all the events of the past year and the Electoral Roll update has been postponed till later this year. All other reports have been done in the normal timeline and will be presented when we are able to hold the APCM, hopefully later this year. We give thanks to James for his continued ministry and for the hard work he has had dealing with very difficult circumstances this year.

We can look forward putting our trust in God as always.
